

This residence has an Ozzi Kleen aerated wastewater treatment system installed.

Please do not flush **any** items down the toilet that cannot be biologically broken down or are not a *source of food* for the *micro-organisms* inside the Ozzi Kleen wastewater treatment system.

For example:

- Disposable nappies
- Tampons
- Sanitary napkins
- Condoms
- Cotton buds
- Plastics
- Toddler/Baby/Make Up Wipes
- Contents of portable chemical toilets
- Or **any** other foreign matter.

As a visitor, tenant or occupant of a home with this system, it is your responsibility to look after the treatment system as this may save you from any potential problems with the system in the future.
